

LOWERING TURNING SEAT BASES - EC400 & C400

Fadiel Italiana's Lowering Turning Seat Bases provide the ultimate solution for easy access to higher seated motor vehicles. Allowing the car seat to swivel out through the door opening and lower to a suitable height for transfer to and from. Eliminating the need to climb and twist into the vehicle - reliable, comfortable, safe, and easy to use.

Featuring automatic function providing easy 1-button operation. The unique program function means the movements of the seat can be customised specifically to the vehicle and to optimise space for the user. The added benefit of closed door mode permits the base to be automatically moved forward and back when the door is closed.
